Calypso outdoor è un prodotto con grado di protezione IP65, quindi un vero Outdoor. I tessuti impermeabili ed ignifughi sono adatti a resistere agli agenti atmosferici, alle temperature particolarmente alte o basse che siano, pur mantenendo intatte la qualità dei colori e la sartorialità della fattura del prodotto. I cavi elettrici di alimentazione passano all'interno della corda da marina in tinta verde e del supporto costituito da un pezzo smussato e di forma conica e circolare con finitura effetto ottone satinato. La sorgente luminosa è posta all'interno di un cilindro di vetro che è sigillato per garantire il grado di protezione IP65. Il diffusore è in vetro trasparente.

Calypso outdoor is a product with IP65 protection degree, therefore a real Outdoor. Waterproof and fireproof fabrics are suitable to withstand atmospheric agents at particularly high or low temperatures while maintaining the colours and the craftsmanship quality of the product. The electric cables pass through the green coloured marine rope and the supporting frame, which is made of a smoothed solid piece in satin brass finish. The light source is housed inside a glass cylinder that is sealed to guarantee the IP65 degree of protection. The diffuser is in transparent glass.
