About

The Tokyo chair is a wonderfully comfortable classic with a sleek look. The simple, geometric silhouette gives the chair an almost architectural shape that comes into its own in every home. Your back is supported by the round shape of the seat, and the comfortable armrests provide just that little bit of extra comfort. Tokyo exists entirely in Lloyd Loom weave and in a fabric or leather upholstered version. Because the loom is available in all Vincent Sheppard loom colours or any RAL-colour, you can create a chair that is 100% your style! A lovely armchair to dream away in with a book!

Materials & care

- Lloyd Loom weave on a rattan frame.
- Standard feet: brass. Chrome feet upon request.
- Available with nylon or felt glides in order to protect the feet and all floor surfaces. Using the correct glides will prevent any damage due to contact between the feet and the ground.
- Clean with a moist towel and some natural soap.
